

# Do you live, work or study in Seaford?

**If the answer's YES then we would like to ask you three simple questions:**

What do you like about living/working/studying in Seaford?

What do you like least about living/working/studying in Seaford?

In 10 years where do you see your area? What needs to be done to get there?

**We're interested in your ideas and will use your answers to develop a new Local Community Plan that will guide Council's decision making in your area for the next four years.**

The engagement team are going to be at the following venues on these days and times. So drop in at our marquee and have your say:
