**PHILIP,
Prasad**

I, Prasad Philip am a local resident and have been actively involved in several community organisations who have assisted the local community greatly. I have always had a passion for community work with all age groups which has driven me to accomplish what I have. I have helped raise funds for many needy charities. As a self-employed person, I am passionate about growing local businesses in our city. Local jobs are vital as 70% of our working residents leave our city to go to work daily. As a father of young family, I fully understand and experience totally the pressures that the cost of living has on families. If elected, I will keep rates rises at the CPI level (2.5% this year) and low into the future to keep cost of living pressures down. We need better plans in the areas of community safety (especially more police & CCTVs), revegetating our environment, better parks and recreational facilities. We desperately need more sporting facilities. I always represent the homeless and vulnerable who desperately need our help. I will achieve these goals by working with all three levels of government and communities. I would appreciate your support. Vote 1 Philip, Prasad.

**PILKINGTON,
Su**

The diversity of age and ethnicity in our city requires sensitivity, caring and compassion coupled with understanding and balance in order to take on board people's wants, needs and concerns. To actually listen to the ratepayers and residents as a whole- not just the vocal minorities, but also the normal everyday 'silent' majority - and then endeavour to address their issues, or explain the reasons why not. Previously, I have been part of the silent majority- however now I am standing up to be counted. Change the status quo. Make a difference and vote for me. As your councillor I will be your voice.

**MAYER,
Sandra**

It's been a highly productive four years working hard as your local representative. We've delivered a waste transfer station, early learning centre, men's shed, skate park, BMX track, cleaned up graffiti, got lights at Wedge rd, roundabout at Robinsons rd, new/improved sporting pavilions and grounds, saved money and now have monitored CCTV in Frankston. As mayor I also worked hard to get funding for the transit interchange redevelopment, more jobs for our residents and lobbied for NBN and better public transport, supported a new community garden, solar panels and extensions to community centres and new footpaths and roads. There's still a lot of work to be done, making sure that commitments to new infrastructure are kept, that we feel safe living in our area, are environmentally sustainable, have adequate facilities and services to support our youth, our ageing population and people with disabilities. My ongoing focus is to work on preventing bullying, teaching our kids about respectful relationships and gender equality. I will continue to be proactive, deliver results, listen, be responsive and advocate for you. We have a great community here. Together let's make our ward a great place to live. Vote 1 Sandra Mayer, 2 Colin Hampton

**BREDEN,
Alex**

Vote 1 for Alex Breden. The number 1 candidate with a fresh outlook on current issues. As a lifelong resident in your area, I am familiar with local issues and areas needing improvement. I grew up in Carrum Downs and currently live in Langwarrin. Life can be tough and many residents and businesses are struggling. Council support is needed to make lives better. Improvements and easier access to services to help teens, young adults and families is essential. Many people need help and financial relief. Rate payers money needs to be invested fairly to help our community. I will dedicate, and devote my energy, and time to making local improvements for you. Lobby for sports and recreation facilities. Advocate for local business to make our community thrive. I will raise awareness and work hard to improve services including; maternal and child health, community health services (such as free dental care) and assisting youths to access the free L2P Learner Driver Mentor program. Increase provision of safe areas where dogs can exercise off-leash. Address dangerous intersections and shop front security. Lobby for improved road conditions. Increase graffiti clean-up and improve rubbish dumping issues. For more information, go to www.alexbreden.com

**O'REILLY,
Michael**

As a local postie I see first hand what is going on in our city. Our ward should not be the forgotten cousin and must get equal spending. I believe local councillors should stay local and not bring outside interests or political projects to our council. No spending your money on pet projects, junkets and definitely no overseas trips. When elected 4 years ago I pledged to tackle graffiti and look after public money. Since then we have cut the waste and redirected millions of dollars back into infrastructure. Graffiti clean-ups have increased dramatically and my personal expenses are consistently the lowest of all councillors. If re-elected I will continue to support youth programs and junior sport and ensure basic services are maintained especially hard rubbish collection. Our local employment is growing with industrial estates and big employers setting up in our area with my full support. I will continue to oppose inappropriate development and with your support I can be a strong voice for our community ensuring our money is spent on local infrastructure and services. Vote 1
Michael O'Reilly

**STEED,
Dylan**

My name is Dylan Steed, I'm 22 years old with a proven track record of community involvement. A vote for me is a vote for a better, safer and more inclusive community. For too long our community has played second best to the rest of Frankston. It's time for a change. We deserve proper funding and investment in local services, sporting facilities, kindergartens and community infrastructure (roads and footpaths). We deserve a Council that is open and transparent and one that respects ratepayers hard earned money. Our youth deserve better access to support services for development, training and jobs and we all deserve safer neighbourhoods, like they used to be. It's time to get back to basics with better footpaths, roads, community spaces and parklands. This election you will decide our community's future. Together, we can make our wonderful community even better. Please vote 1 Dylan Steed, 2 J.R. Perez and 3 Colin Hampton. If you would like to know more about my plan for North-East Ward or would like to chat about any issue please give me a call on 0402 306 621 or email steedforfrankston@hotmail.com

**WONG,
Banson**

I am seeking your support for my election as your representative in the North East Ward at this council election. I am a long standing local resident and pledge a no nonsense approach to decision making , determined advocacy and drive to achieve positive outcomes for our residents and ratepayers With years of experience running my own small business, I have a can do attitude, offer fresh ideas and drive outcomes for the benefit of all who live in our great city. I will be a voice for all, not just special interest groups. I am a particularly strong supporter of our volunteers including the CFA and community organisations all of whom deserve recognition, support and our thanks. Much more can be done in the City of Frankston to reduce crime and domestic violence, help those with mental health , drug and substance abuse issues by co-ordinating and proactively working with agencies who work at the coalface. My vision is for a clean, safe, affordable, and liveable City of Frankston. Together, we can take steps to make this vision a reality. Please Vote 1 for Benson Wong - Positive, Passionate, Proactive. Inquiries : 0466 404 656.

**PEREZ,
J.R.**

To prove that that people like you and I can be local councillor, vote one for J.R. Perez. It is our constitutional right and it should be every citizen's duty. I stand for infrastructure, community care, child care and libraries. In some of these areas I already have a head start, such as child care by being a "lollipop man" for four years, and in libraries by volunteering at Frankston library (sic) in a historic document restoration project since this year. I am taking the bull by the horns. You can count on my determination to work together to achieve common goals. I am not afraid to call on people to make it happen when needed. Best of all, I apply and demand common sense in everything I do, because no issue can be resolved without clarity about what we want, what we need and what does it take to accomplish it. This is not about just one individual, it is about us, the people who make this place our home. Please vote for me and then support Dylan Steed, a like-minded community candidate with a two.

**MAHADEVA,
Mithrani**

Please vote 1 Mithrani Mahadeva, 2 Dylan Steed, 3 J.R. Perez. for a better Frankston Council. As a mother who is involved in many community groups I want to see better roads, footpaths and community centres for all residents. I have lived in the Frankston City Council for the last 28 years and have seen our community at its best. I want to assist local residents to improve the standard of local services delivered here, especially in the aged care and disability sectors. We now have an opportunity to shape Frankston for the next few decades- It is paramount that this Council receives new blood. I am committed to community consultation and stronger planning laws. The Community Centre in Carrum Downs needs to be expanded to meet the Communitys needs- this will be a focus of mine. Im a proud citizen of the City Of Frankston.

**HAMPTON,
Colin**

When I was elected in 2012, I promised to focus on four major issues, they have all been delivered. The New Recycling Centre, Langwarrin Men's Shed, Banyan Fields Childcare Centre and a marked reduction in Graffiti. This time if re-elected my aim will be for a Library for Langwarrin, Men's Shed for Carrum Downs and Skye, public toilets in all our major play grounds and a permanent home for the Lyrebird Community Centre Christmas Festival. I have been a councillor for 14 years and it is this experience which has helped me achieve these and many other goals. I also helped with others to lobby both State and Federal Government and successfully received \$25 million towards our new swimming pool PARC and also lobbied vigorously for the building of Peninsula Link and the Wedge and Frankston Dandenong road traffic lights. I enjoy advocating for my community and I hope you will give me a chance to do so again. Sandra Mayer and I have worked well as a team so could you give her my 2 preference and the 3 to Dylan Steed and the rest in whatever order you wish. Any questions please ring me on 97835918.

**ASKER,
David**

Having grown up in Frankston I am driven by a commitment and passion for our community to become a better place to live. Being a former Councillor I'm bitterly disappointed with the lack of representation over the last four years. Watching our rate dollars being spent on mediators, to control Councillor infighting is just unacceptable. Over the last few years our rates have doubled. We're not getting value for money and must demand better. If elected I will bring council back to its primary function of serving you, the community. I will represent the people of Carrum Downs, Skye and Langwarrin openly with a strong voice on council. I have the experience and leadership to uphold the integrity of local government. My priorities will be law and order, campaigning for more police, cracking down on hoon driving, monkey bikes, anti-social behavior, re-establishing community safety meetings and a new Langwarrin police station. Longer free parking within the Frankston CBD, continuing the free hard waste collection, installing traffic lights at Lyrebird drive, Ballarto Road intersection and opposing inappropriate multi-unit developments. I look forward to representing you and our community. I respectfully ask for your support and vote.
