

Feed The Village

Draft Proposal

SHAC invites membership by the homeless, low income families, single parents and children, and people living alone. SHAC would provide support and friendship throughout the community based on a cooperative model.

We would compile a set of roles; all members would be required to sign on.

We would begin by cooperatively providing a weekly midday meal, members providing the ingredients and produced by members.

It is the responsibility of members to carry out the tasks allotted to them.

Members are to be accountable for all actions.

Members are responsible for the food preparation and clean up afterwards.

This could be a model with a local community base that could be promoted in many other communities as the need arises.

Safety is a major consideration in these circumstances

Possible venues

- + Uniting church Frankston

At the conclusion of the weekly clean-up we sit and organise for the following week.
